On your waste collection day:

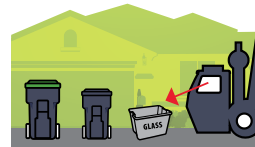

Set out unlocked carts between 5:30am and 7:30am.

Put wheels against the curb or just off the roadway.

Leave at least one arm's length of space between carts.

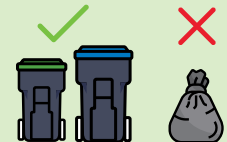

On glass weeks, place your bin so it's the first thing our driver sees when approaching your house, followed by the smallest of your two carts.

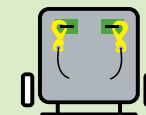

Please remember:

Cart lids must close completely – do not overfill or overstuff.

We only collect waste in carts provided by the City – no extra bags are collected.

Lock clips and secure carts as soon as possible after collection.

Keep bears away by rinsing carts frequently to reduce odours.

About our waste collection program

- **Set out unlocked carts at the curb between 5:30am–7:30am on your collection day**, and re-lock and re-secure carts as soon as possible, and no later than 8pm. If your cart is not emptied by 8pm, bring it in and contact us.
- The City's Solid Waste Bylaw requires that you **keep carts clean, locked and stored securely**.
- **Write your address** on your cart and glass bin - it helps staff assist with issues. If your cart is lost, stolen, or damaged, contact us immediately.
- **Carts and your glass bin are property of the City of Port Moody.** Clean them out and leave them for the next resident to avoid replacement costs.
- If you can't move your carts due to physical challenges, and don't have anyone to help, contact us about our pack-out service.

Be bear smart

Managing wildlife attractants properly is how we keep people and bears safe. **Leaving carts unlocked on non-collection days and setting carts out too early are bylaw violations.** If you don't manage your garbage and other wildlife attractants properly, you could be **fined up to \$1,000 by the City.**

 Lock your carts, keep them secure, and rinse frequently

 Set your carts out between 5:30am and 7:30am

 Manage or put away your backyard attractants, like ripe fruit, BBQs, pet food, and bird feed

What can go in your carts

The City's Solid Waste Bylaw requires property owners to properly sort materials to reduce risk to public health or safety.

Reducing single-use items

The City of Port Moody has adopted a bylaw regulating single-use plastic and foam items to promote responsible and sustainable environmental practices.

The Single-Use Plastic Bylaw came into effect on April 22, 2022 and bans distribution of the following items:

- Plastic checkout bags;
 - Foam containers for prepared food;
 - Plastic stir sticks; and
 - Plastic drinking straws (except where required for accessibility needs)
- Paper checkout bags and reusable checkout bags may be provided on request and at a charge of a minimum fee of \$0.25 per and \$2 respectively

Metro Vancouverites dispose of almost 1 billion single-use items per year. That's 390 bags, straws, utensils, cups, and containers per person. Single-use items are used for a short time, but they have a lasting impact on our environment.

WHAT'S YOUR
SUPERHABIT?

Here are five quick tips from Metro Vancouver on reducing single-use items:

When ordering from your favourite restaurant, request that your meal is put in as few containers as possible.

Reduce utensil spam! When ordering takeout, opt for no cutlery or napkins included. (Check "no utensils" on your food delivery app, or request this over the phone.)

At the grocery store, don't use plastic produce bags.

If you drive, keep several reusable bags in your car, and store them there after each use.

Go strawless, or use a reusable straw if possible. (Straws are an important accessibility tool. Only ask for a straw if you need one.)
